Jan 2021 - May 2021

Product design Intern - Astra Academy, Remote

A five-month remote internship where I worked alongside two developers and two marketing experts to bring an idea of personalised student education into life. I designed two mobile and one web application(s) from scratch as well as managed product roadmaps and development sprints all the while accompanying everyone from their first pitch to their first sale.

Oct 2020 - Feb 2021

Product designer(Freelance) - Tibarumal Jewellers, Remote

This project aimed to make use of the volatility of the diamond markets during the pandemic and establish a national platform for businesses to trade. I designed a trading application for mobile, web and tablets and worked closely with developers to bring it to life.

Aug 2020 - Oct 2020

User Experience Intern - Snaptrude, Remote

Worked with three other interns to explore new features needed in the architectural application space and designed three modules of features by myself while abiding with the brand's style guide.

Apr 2020 - Oct 2020

User Experience Analyst(Freelance) - Perfectice Eduventure

Worked with another designer to redesign/revamp the existing web and mobile application. Implemented new ways to use and showcase data while also re-designing an assessment experience for students in the application.

Jun 2019 - Nov 2019

User Research Intern - Slang Labs, Remote

Worked with another intern to conduct user testing for a voice interface meant for banking and shopping applications. Conducted quantitative and qualitative analysis from the data derived which was used to script a research paper which made it's way into the HCI India conference 2019.

Education

User Interface and Interaction
Engineering(B.Voc)
7.5 SCGPA
Srishti Institute of Art, Design and
Technology
2018 - 2021

Computer Science(10+2 CBSE)
85.2%
Indian School Muscat
2016 - 2018

Skills

Sketching, Wireframing, Coding,
Data Visualization, UI Design,
Interaction Design, Rapid
Prototyping, Storyboarding,
Usability Testing, User Research,
Heuristic Evaluation, Mental Models,
Product Management

Soft Skills

Problem Solving, Persuasion, Active
Listening, Communication, Empathy

Tools

Figma, XD, After Effects, Premiere
Pro, Photoshop

Programming

HTML5, CSS3, Javascript, C++,
MySQL, R, P5.JS
